

Date: 14th April, 2009

Affected Products: IFS-2600 power supply upgrade kit

Notifier is pleased to announce the release of the IFS-2600 power supply upgrade kit. The IFS power supply upgrade kit provides a fully supervised and battery-backed 2.6A (@ 27V) auxiliary power output from the CIE via the remote PSU output. This auxiliary output power can be used for devices such as the DA-30 or IFS-2008 gas release modules.
