

Date: 21st July, 2009

Affected Products: IFS-2400 8 zone display expansion board (IFS-802B)

Due to the obsolescence of a vendor supplied component, effective immediately, NOTIFIER is announcing the discontinuation of the following products;

1468	IFS-2400 8 zone display expansion board
------	---

Whilst no new boards will be available, to maintain product support NOTIFIER will offer repaired boards strictly on an exchange basis.

If you have any question please do not hesitate to contact me.

Sincerely,

James Edwards
Product Manager
