

Project Profile

Australian National Maritime Museum

Sydney, New South Wales

The Australian National Maritime Museum, situated at Sydney's Darling Harbour, is a valuable and innovative cultural resource dedicated to promoting and preserving Australia's rich maritime heritage. The museum welcomes thousands of visitors each year, offering a range of lively programs and events for all ages.

This unique museum is protected by 3 Notifier Inertia Fire Systems AFP-2800 addressable Fire Indicator Panels connected to five, I-2000 Emergency Warning and Intercommunication System Panels for the safe evacuation of visitors and staff in the event of an emergency.

A combination of VESDA LaserPLUS and LaserCOMPACT high sensitivity aspirating smoke detectors have been installed in critical areas to provide very early warning of an impending fire event.
